WORK EXPERIENCE

Sales Analyst, Avery Weigh-Tronix, Toronto, ON

May 2025 – May 2026

- Managed sales operations for 6 regional sales teams by reviewing sales order forms, entering 250+ orders into IBM KBM, verifying purchase order details, and coordinating submissions with U.S production teams, wholesale vendors, and third-party suppliers to improve order accuracy and timely sales execution.
- Led biweekly sales meetings with inside sales teams, sales representatives, and branch managers by reviewing new opportunities, lost sales, order status, pipeline updates, forecasted revenue, regional sales performance, territory coverage, and NPL updates to improve sales visibility and cross-team alignment.
- Prepared monthly sales performance reports and revenue forecasts for Finance and Business Unit leadership by using Salesforce, IBM KBM, Excel, and PowerPoint to track YOY/MOM sales, lead volume, lead conversions, expected closings, budget/target progress, and upcoming opportunities.
- Built and maintained 5+ Excel dashboards and sales trackers by consolidating sales, order, pipeline, revenue, lead conversion, and territory coverage data to improve visibility into KPI performance and national sales activity across Canada.
- Supported Salesforce CRM adoption by training 2 employees on entering sales leads, tracking revenue information, updating opportunity details, and maintaining accurate sales activity records to improve CRM data accuracy, pipeline visibility, and sales performance reporting.
- Partnered with finance, sales managers, and executive leadership by supporting credit approvals, invoicing/order issue resolution, terms and conditions review, payment follow-ups, and internal process compliance to improve sales operations efficiency and reduce delays.
- Created pricing sheets, annual price comparison files, pricing memos, product information files, and training documentation by organizing pricing, product, and sales enablement information to support reporting accuracy, NPL tracking, forecast accuracy, and operational efficiency.

Business Development Associate, Avery Weigh-Tronix, Toronto, ON

April 2023 – April 2025

- Developed 20+ strategic partnerships within the weighing solutions sector by conducting market research, customer outreach, negotiation, and collaboration with industrial customers, increasing new business opportunities by 20%.
- Conducted customer, competitor, account, and product analysis to identify sales opportunities, refine sales strategies, and expand market presence; reviewed and assessed 10+ industrial bid proposals, contributing to 10% revenue growth.
- Supported inventory planning, pricing decisions, and sales strategy recommendations by reviewing product sales trends, customer activity, and forecasted demand, helping leadership make more informed operational decisions.

Brand Associate – Part-time, GAP Inc, Toronto, ON

April 2021 – August 2025

- Increased store sales revenue by 35% in two weeks by delivering strong customer service, resolving customer concerns, processing transactions through retailer POS systems, and supporting store-level sales goals; recognized twice as Best Employee and generated 80+ loyalty subscriptions through customer engagement.

LEADERSHIP EXPERIENCE

Business Development & Strategy Consultant, Re-Defined

October 2022 – March 2025

- Led outreach and engagement initiatives for 7+ networking events serving 200+ students by coordinating volunteers, tracking campaign performance, and assigning follow-up tasks. Supported team execution through regular check-ins, stakeholder coordination, email marketing, social media outreach, and campaign performance review to improve event participation and outreach effectiveness.
